## INTRODUCTION

This repair guide will help to replace the Lenovo Thinkpad Edge E520. This guide will be useful if your device does not power up correctly or has a short battery life.

## Step 1 — Battery

**⚠** Power off and unplug the computer before the start of these steps.

- Close the laptop lid.

## Step 2

- Flip the computer so that the back is facing upwards.
- Locate the switch used to release the battery.
- i** The switch should be located towards the hinge of the laptop near the battery pack and have a lock icon associated with it.

## Step 3

- Slide the switch towards the unlocked lock icon.
- While holding it in the unlocked position, slide the battery towards the hinge.
- Fully separate the battery pack from the back of the laptop.

To reassemble your device, follow these instructions in reverse order.
