

Acer Aspire V3-571G Trackpad Replacement

This guide will demonstrate how to replace the trackpad in the Acer Aspire V3-571G laptop.

Written By: Erica Gomes

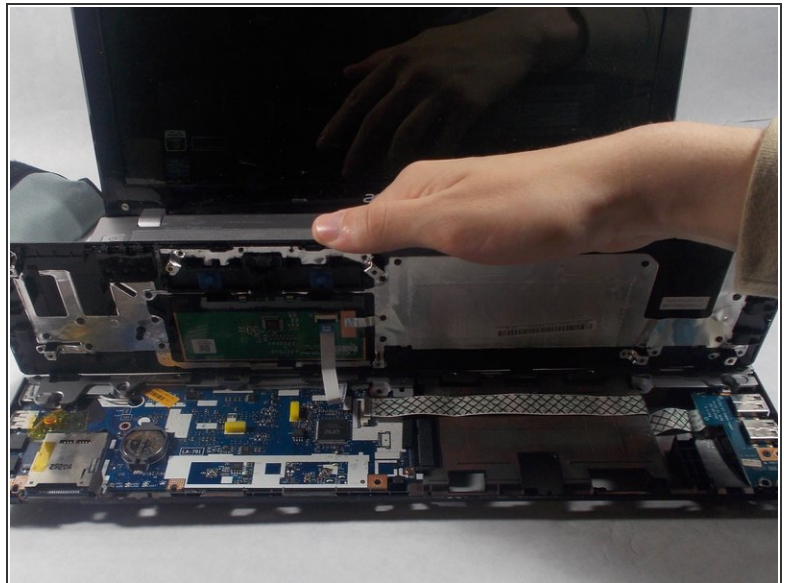

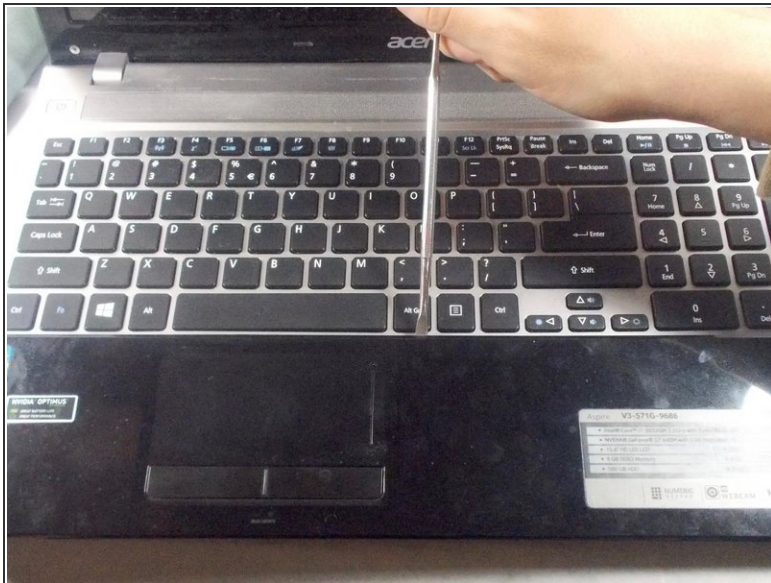

TOOLS:

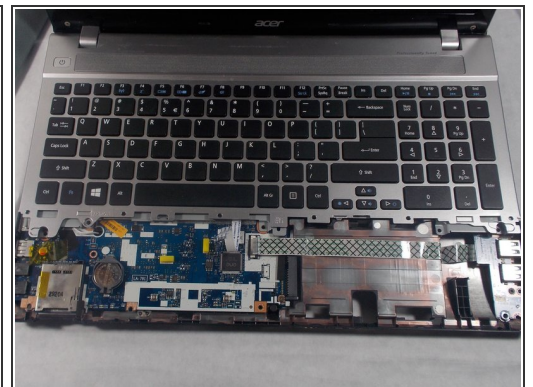

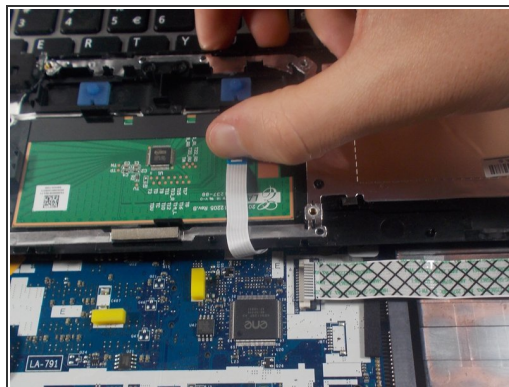

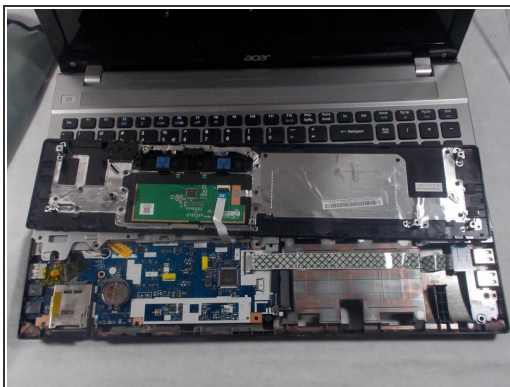

- [Spudger](#) (1)
-

Step 1 — Trackpad

- Use a metal spudger to lift up and pull back the track pad

Step 2

- When you flip the track pad over, you will notice a small tape connecting the track pad to the computer
- Disconnect the tape by gently pulling it down

To reassemble your device, follow these instructions in reverse order.
