

Checking Model Number

This guide shows how to check the model number of the phone.

Written By: Reid Polstra

INTRODUCTION

This guide shows how to remove the back cover, remove the battery, and locate the model number. No tools are required.

Step 1 — Checking Model Number

- Turn the phone so it is face (keypad) down.

Step 2

- Press and hold the button located at the bottom of the phone.
- Slide the back of the phone downwards and away from the main body.
- Remove the backing and place it to the side.

Step 3

- Locate indentation from which battery can be removed.
- Place finger in indentation and lift battery up from phone's body.
- Remove battery from phone's body.

Step 4

- Read model number and type from back of phone.

To reassemble your device, replace the battery back in the slot, and slide the back cover back into place.
