

# Lenovo Tab 4 8 MicroSD Card Reader Replacement

Learn how to replace the microSD card reader from the Lenovo Tab 4 8.

Written By: Ivan Chavez

## TOOLS:

- [Phillips #000 Screwdriver](#) (1)
  - [Spudger](#) (1)
  - [iFixit Opening Picks set of 6](#) (1)
  - [Tweezers](#) (1)
-

## Step 1 — Battery

- Start at the microUSB slot.
- Use the opening pick to slide underneath the back cover of the tablet.
- Slide the opening pick around the tablet until the back cover is off.

## Step 2

- Remove the 8 screws with a Phillips #000 screwdriver [bit].
  - There is a screw under the blue "s" sticker.
- Remove tape holding plate down.
- Use precision tweezers or your fingers to remove plate.

### Step 3

- Remove yellow tape.
- Use a spudger or plastic opening tool to remove the battery's ribbon cable from the motherboard.

### Step 4

- Gently pull on the two stretch release adhesive strips. Do not pull up, pull away from battery.
  - Once the tabs are off, lift the battery up from the frame.
- ⚠ Do not bend or puncture the battery.

## Step 5 — MicroSD Card Reader

- There is a yellow tape holding the microSD card reader connector. Use tweezers to hold down the tape.
- Gently lift the tab on the microSD card reader's ZIF connector, and gently pull the ribbon cable free.

## Step 6

- Lift the microSD card reader with tweezers or your fingers.

To reassemble your device, follow these instructions in reverse order.
