# INTRODUCTION

Today, I will be showing how to replace the hard drive on an HP Pavilion dv6500

## TOOLS:

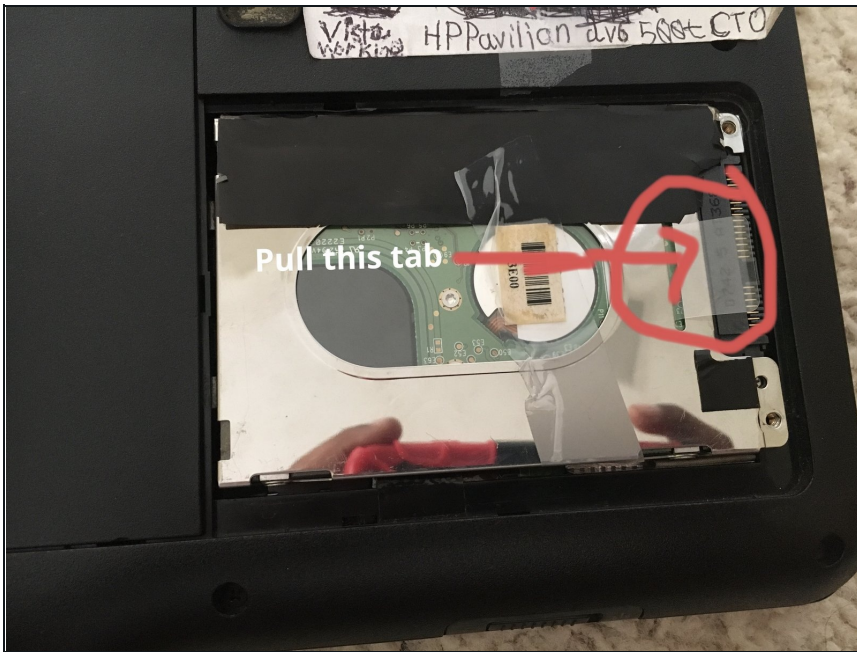

Phillips #00 Screwdriver (1)

### Step 1 — Remove Hard Drive Cover Screws

- Remove the two screws on the hard drive lid

## Step 2 — Remove Hard Drive

- Pull the labeled tab
- Lift and Pull to the right hand side

---

To reassemble your device, follow these instructions in reverse order.
