

# Canon PowerShot A590 IS Batteries Replacement

Written By: Zach

## PARTS:

- [AA Batteries](#) (2)
-

## Step 1 — Batteries

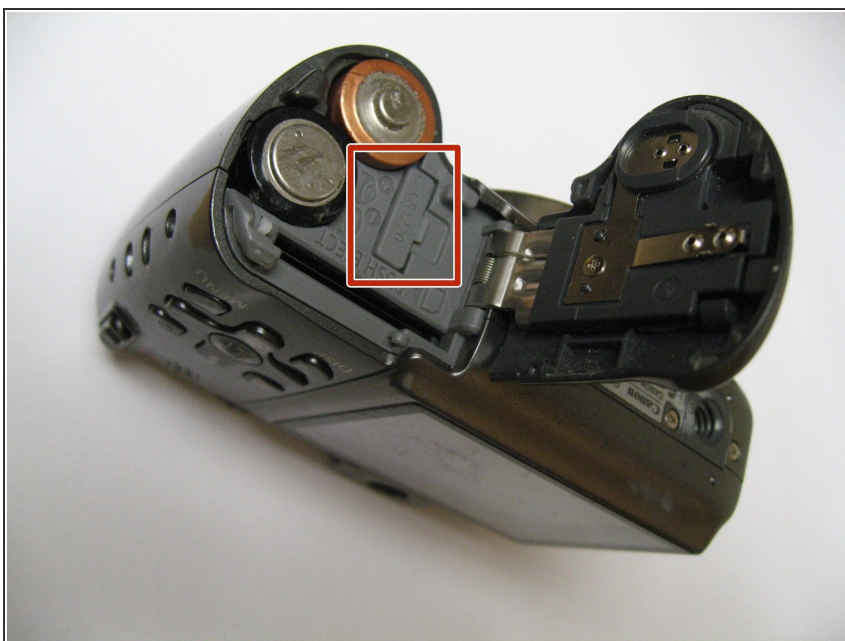

**i** The battery hatch is on the bottom of the camera.

**!** **CAUTION:** Locate the switch to open the hatch and push gently toward the front of the camera. Too much force can break the hatch.

- While the switch is pushed forward, pull the cover away from the camera.

## Step 2

**i** This camera requires AA batteries.

- To remove batteries, simply allow them to fall out of the camera.
- Use a fingernail to lift the clock battery out of the camera.

### Step 3

- ★ When replacing the AA batteries, verify they are oriented correctly by following the (+) and (-) signs on the camera.

To reassemble your device, follow these instructions in reverse order.
